Let's connect

**About experiences
Works**

I was intern in Air Asia. I work as Freelance job to find my interesting. I tried to code in 2016. I knew this is challenging work after that shift my work into technology field.

2021 - Present**Data Processing Lead**

Dhammakaya Foundation

**2020 - Present****Founder**

Good Geek Club

**2020 - 2021 • 1 yrs 2 mos****Cloud Development Lead**

D-Net Technology co.,ltd

**2018 - 2020 • 2 yrs 5 mos****System Analysis & DevOps**

D-Net Technology co.,ltd

**2016 - 2018 • 2 yrs****Software Engineer**

Moahom co.,ltd

**2011 - 2015 • 5 yrs****Freelance**

Home

**2010 - 2010 (2 Month)****System Support - Intern**

Thai Air Asia

What's my power ?**My Expertise**

My skill about coding and technology that I familiar with it. Deeply skill, I'm using this technology.

Widely skill, I have been use or I learn that technology.

Deeply

TypeScript

JS, NodeJS

Angular

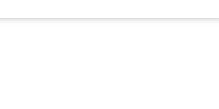

NestJS

AWS

Serverless

Elasticsearch

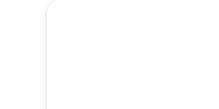

MongoDB

HTML, CSS

**Widely**

React Native

Flutter

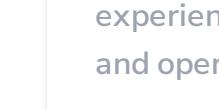

Shell

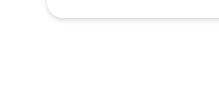

GitLab

PHP

MySQL

C

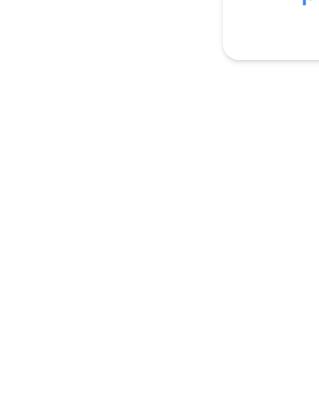

Java

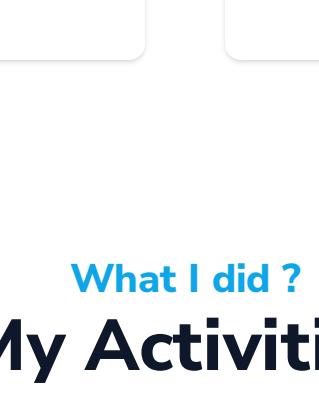

GCP

**What's I passed?****My Certified**

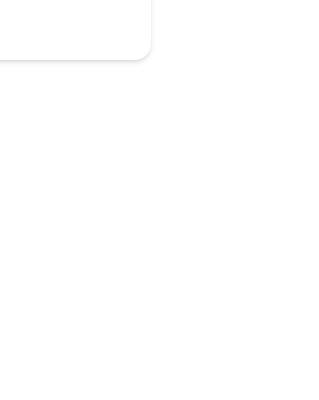

The skill have approved from authority association. Including with Coursed certified and exam certified

**AWS Certified Solutions Architect – Associate**

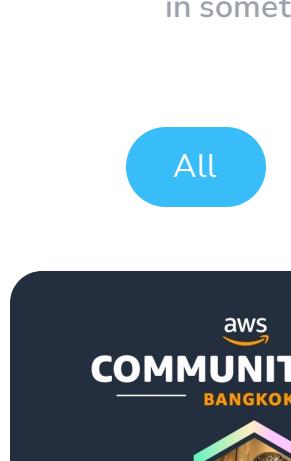

Certification validates the ability to design and implement distributed systems on AWS.

[Explore »](#)**AWS Certified Developer – Associate**

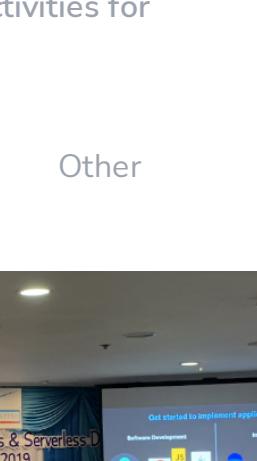

Certification validates the ability to write and deploy cloud-based applications.

Certification demonstrates experience deploying, managing, and operating workloads on AWS.

[Explore »](#)**AWS Certified DevOps Engineer – Professional**

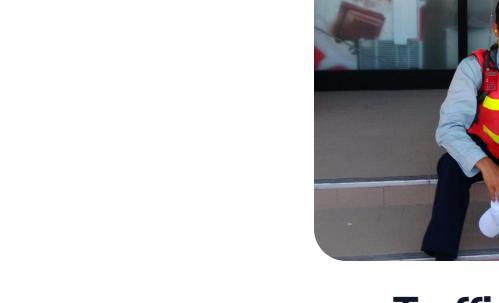

Certification validates the ability to automate the testing and deployment of AWS infrastructure and applications

[Explore »](#)**Google Cloud Lab Badges**

Earned 12 Google cloud labs. To completed introduction fundamentals of Google Cloud

[Explore »](#)**What I did ?****My Activities**

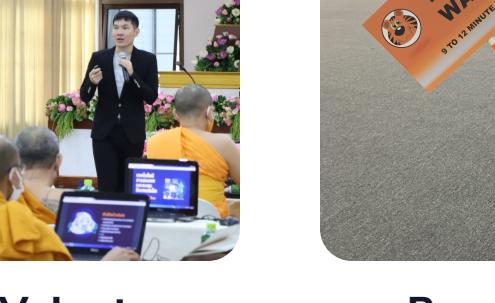

I run the social activities to evolve developer in Thailand in sometime. I love to join technology activities for develop my skill.

[All](#)[Social](#)[Tech](#)[Other](#)**AWS DB Speaker**

Event Driven on AWS DynamoDB Stream

**AWS DevOps Speaker**

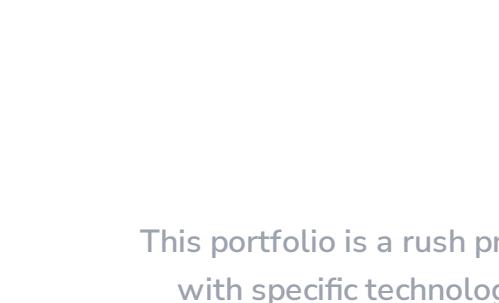

Devops philosophy and tools in AWS Community day

**Serverless Speaker**

Gigabyte serverless event in Thailand

**AWS Gamedays**

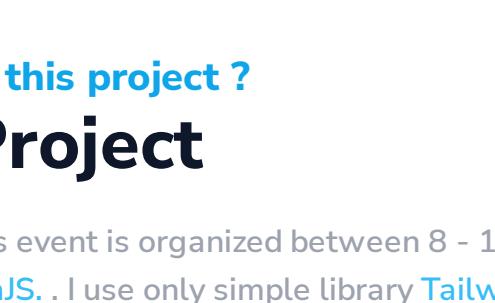

rank 30/300 from AWS re:invent2019 1 day hackathon

**AWS re:invent2018**

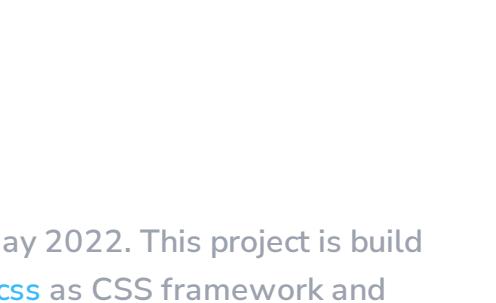

The biggest yearly AWS event at Las Vegas

**AWS re:invent2019**

The biggest yearly AWS event at Las Vegas

**AWS Training**

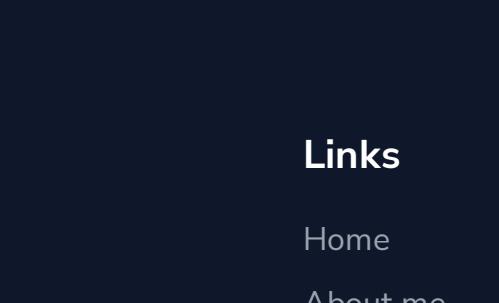

a ton of AWS training associate and professional courses

**GCP Training**

Google Cloud Platform event

**Traffic Volunteer**

Dhammayatra event, the biggest pilgrimage on the roads in Thailand

**Educated Volunteer**

Share knowledge to underprivileged for evolve world

**Running Charity**

Running for charity to help other people with my strength

How's about this project ?**This Project**

This portfolio is a rush project in **42 Bangkok discovery piscine**. This event is organized between 8 - 10 May 2022. This project is build with specific technology. This project tech stack can called **VanillaJS**. I use only simple library **Tailwindcss** as CSS framework and **Fontawesome** icon, no more than this. It's as far as I can do it in 2 days. you also can learn my code in my [github](#).
